

## **EUSOBI Annual Scientific Meeting 2017**

**September 22-23, 2017**

**Industry Symposia**

---

### **Friday, September 22, 2017**

- 10:00**            **Industry-sponsored slot by Micrima**  
*Moderators: M. Lobbes, Maastricht/NL; K. Borbely, Budapest/HU*  
**Radio-wave Imaging in the Dense and Heterogeneously Dense Breast**  
P. Bannister, Bristol/UK
- 10:15**            **Industry-sponsored slot by Bard**  
*Moderators: M. Lobbes, Maastricht/NL; K. Borbely, Budapest/HU*  
**VAB: When and How?**  
S. Derrouis, Neuchâtel/CH
- 13:00**            **Industry-sponsored lunch symposium by Guerbet**  
*Moderators: E.M. Fallenberg, Berlin/DE*  
**Optimization in Breast Contrast-Enhanced MRI**
- 13:00            **Introduction**  
E.M. Fallenberg, Berlin/DE
- 13:05            **Brain Hyperintensities: State of the Art and Beyond**  
L. Weberling, Heidelberg/DE
- 13:20            **Differential Diagnosis and Uncommon Histologies or Technical Issues in Breast Contrast-Enhanced MRI**  
E.M. Fallenberg, Berlin/DE
- 13:35            **Q&A and Conclusion**
- 15:05**            **Industry-sponsored symposium by Philips**  
*Moderators: M. Bernathova, Vienna/AT; G. Esen, Istanbul/TR*  
**Future improvements of lesion conspicuity and image quality at a lower dose with photon counting tomosynthesis\***  
B. Stenson (Project Manager Clinical Science at Philips), Kista/SE  
**Photon counting tomosynthesis\* compared to conventional tomosynthesis: preliminary results\*\***  
P. Panizza (Head of Radiology Breast Imaging, Ospedale San Raffaele), Milan/IT  
**Early experience with the Philips eL18-4 ultra-broadband PureWave linear array with an Anatomical Intelligent breast Solution**  
K. Kinkel (Head of woman's imaging at the Clinique des Grangettes), Geneva/CH  
*\* MicroDose 3D S90 low dose spectral tomosynthesis is work in progress and will only be available for sale after regulatory approval.*  
*\*\* Results are from ongoing clinical studies and not yet from regular clinical use.*

**Saturday, September 23, 2017**

- 10:00**      **Industry-sponsored symposium by Bracco**  
*Moderators: L. Martincich, Candiolo/IT; P.A. Baltzer, Vienna/AT*  
**Gadolinium-based contrast agents and CE-MRI of the breast: Where do we stand?**  
P. Clauser, Vienna/AT
- 13:00**      **Industry-sponsored lunch symposium by Fujifilm**  
*Moderators: A. Athanasiou, Athens/GR; R.M. Mann, Nijmegen/NL*  
**Implementing a modern digital mammography system in a breast imaging unit: challenges and results**  
M. Müller-Schimpfle, Frankfurt am Main/DE  
A. Russo, Negrar/IT
- 16:00**      **Industry-sponsored symposium by Mammotome**  
*Moderators: S. Zackrisson, Malmö/SE; F. Kilburn-Toppin, Cambridge/UK*  
**Minimal Invasive assessment in mammography breast screening: Requirements for optimal pathology diagnostics**  
T. Decker, Neubrandenburg/DE
