PRELIMINARY PROGRAMME

**ANNUAL
SCIENTIFIC
MEETING**

2023 September 28-30
Valencia/Spain

in cooperation with

WELCOME TO EUSOBI 2023

DEAR BREAST IMAGING SPECIALIST,

It is our great pleasure to invite you to our Annual Scientific Meeting, which will take place in Valencia, Spain, from September 28 to 30, 2023. As in the past years, our meeting will be preceded by our special EUSOBI Training Course as well as an EYC Workshop.

This year's meeting is organised in collaboration with the **Spanish Society of Breast Imaging, SEDIM**, with active participation of Spanish professionals.

We are highly appreciative of all the positive feedback we received from participants of previous meetings, and are hoping to again break a new record at this year's meeting. While we aim for an high in-person attendance with the advantage of enjoying both, the scientific and social sides of EUSOBI, we are also planning to broadcast our main programme live in order to reach those who cannot travel to Valencia.

The highlights of this year's Valencia meeting will feature:

- Updates of the BI-RADS lexicon
- Sessions on Screening, Staging and B3 lesions
- Hot topics in breast oncology
- Staying happy as a breast radiologist
- Advanced imaging techniques to characterize breast lesions
- Artificial Intelligence
- a MDT session on unusual cases and missed opportunities

We are proud to present a distinguished keynote speaker: Dr. Javier Cortes from Spain who will give us an overview of the future of oncology.

In our effort to extend bonds with other societies around the world, this year EUSOBI will meet the Colombian breast radiologists.

Young radiologists are indispensable now and in the future, and in this sense, we are happy to again announce the EUSOBI Young Club Workshop, which will be organised on Thursday, September 28, in the morning. Young radiologists can interact with and ask the experts about different professional issues.

Finally, we would like to invite you to our prestigious evening event in one of the most spectacular locations of Valencia: the Hemisfèric in the City of Arts and Sciences. Enjoy a superb dinner followed by enchanting dance music. Join us on Friday, September 29, and experience an unforgettable evening in Valencia.

We look forward to seeing you in Valencia!
