

EUSOBI Annual Scientific Meeting 2026

October 1-3 | Maastricht/NL

Industry Programme

Friday, October 2, 2026

11:00-11:30	Industry-sponsored symposium 30' by GUERBET – Lecture Hall Breast MRI Clinical Evidence with Elucirem™ (Gadopiclenol) <i>Moderator: R. M. Mann, Nijmegen/NL</i>
11:00	Making the Most of the Breast MRI R. M. Mann, Nijmegen/NL
11:15	Clinical Experience with Elucirem™ (Gadopiclenol) in Pre-operative Breast MRI: From Conventional to Ultrafast DCE Imaging H. Rahbar, Seattle/US
13:15-14:00	Industry-sponsored Prime Time symposium 45' by BD – Lecture Hall Role of VAE in Minimizing Overtreatment in B3 Lesions <i>Moderator: R. M. Mann, Nijmegen/NL</i>
13:15	Role of Functional Imaging in the Context of B3 Lesions Julia Camps Herrero, Valencia/ES
13:30	Evidence and Barriers to the Adoption of VAE as an Alternative to Surgery N. Sharma, Leeds/UK
13:45	Q&A
16:30-17:00	Industry-sponsored symposium 30' by BRACCO - Lecture Hall

Saturday, October 3, 2026

10:00-10:30	Industry-sponsored symposium 30' by PHILIPS – Lecture Hall Breaking Boundaries in Breast Imaging: Ultrafast MRI and novel Spectral CT applications <i>Moderator: K. Sinha, Eindhoven/NL</i>
10:00	Ultrafast Dynamic Contrast Enhanced Breast MRI: Enhancing Diagnostic Confidence and Imaging biomarkers Julia Camps Herrero, Valencia/ES
10:15	Prone Whole-Body Spectral CT in Women with Dense Breasts: From Feasibility to Clinical Potential Carla Meeuwis, Arnhem/NL
13:05-13:50	Industry-sponsored Prime Time symposium 45' by Bayer – Lecture Hall Gadolinium-Enhanced Breast MRI: Shaping the Next Low-Dose GBCA Era <i>Moderator: S. Schiaffino, Lugano/CH</i>
13:05	Next Contrast Medium Era: From Origins to Innovation T. van Nijnatten, Maastricht/NL
13:17	Why Low-Dose Contrast Matters? Advancing Breast MRI with Gadoquatrane: Real-World Experience from Japan K. Kubota, Tokyo/JP
13:29	The Future of Breast Imaging: Toward Smarter, Faster, and Safer MRI Paola Clauser, Vienna/AT
13:41	Q&A

This programme may still be subject to modification.
