 Francesco Sardanelli, Milan/IT (ER experimental)
-

10:30-11:00 **Coffee break**

11:00-13:00 **Session 2: Setting up research projects**

- 11:00-11:20 **Sample size estimations and statistics**
 Caterina Monti, Milan/IT
- 11:20-11:40 **The GDPR and MDR across European countries**
 Anna Colarieti, Milan/IT
- 11:40-12:00 **The Ethics Committee perspective**
 Francesco Sardanelli, Milan/IT
- 12:00-12:20 **Involving patients**
 Siobhan Freeney, Gorey/IE
- 12:20-12:40 **Funding of research**
 Ritse Mann, Nijmegen/NL
- 12:40-13:00 **Discussion / Q&A**
-

13:00-13:50 **Lunch break**

13:50-15:30 **Session 3: Multi-disciplinary projects**

- 13:50-14:10 **Important considerations from an epidemiological point of view**
 Per Hall, Stockholm/SE
- 14:10-14:30 **Is pathology always the reference standard?**
 Anne Vincent-Salomon, Paris/FR
- 14:30-14:50 **Important considerations from a surgical standpoint**
 Frederieke van Duijnhoven, Amsterdam/NL
- 14:50-15:10 **Important considerations from a radiation oncology standpoint**
 Icro Meattini, Florence/IT
- 15:10-15:30 **Important considerations from a medical oncology standpoint**
 Rupert Bartsch, Vienna/AT

15:30-16:00	Coffee break
16:00-17:30	Session 4: Research in practice, research to practice
16:00-16:20	How to perform research in clinical practice Fiorita Poulakaki, Athens/GR
16:20-16:40	Key research findings: from technical performance to societal impact Federica Pediconi, Rome/IT
16:40-17:00	How to implement research results in practice Stuart McIntosh, Belfast/UK
17:00-17:30	Panel discussion - What evidence is enough to change practice? Fiorita Poulakaki, Athens/GR Federica Pediconi, Rome/IT Stuart McIntosh, Belfast/UK
17:30-17:35	Closing remarks
