dutch expert centre
for screening

Preliminary Programme

International Breast Cancer Screening Course

Monday					
Time	Content		Time	Content	
09:00 – 09.45	Introduction				R
09.45 – 10.45	Introduction hands-on training: how to read mammograms for screening				R
10.45 – 11.00	Coffee break				B
	Group 1			Group 2	
11.00 – 12.30	Breast positioning	R	11.00 – 12.30	Hands-on training: today's screening	L1
12.30 – 13.30	Lunch				B
13.30 – 14.30	Physico-technical aspects of digital mammography	R	13.30 – 14.30	Discussion today's screening	L1
14.30 – 14.45	Coffee break				B
14.45 – 16.15	Hands-on training: today's screening	L1	14.45 – 16.00	Breast positioning	R
			16.00 – 16.15	Coffee break	B
16.15 – 17.15	Discussion today's screening	L1	16.15 – 17.15	Physico-technical aspects of digital mammography	R
17.15	Informal get-together				B

Tuesday						
Time	Content			Time	Content	
09:00 – 09.30	Reflecting on yesterday's discussions					R
	Group 1				Group 2	
09.30 – 11.00	Hands-on training: today's screening	L1	09.30 – 10.30	Tomosynthesis		R
			10.30 – 10.45	Coffee break		B
			10.45 – 12.00	Epidemiological aspects of breast cancer screening		R
11.00 – 12.00	Discussion today's screening		L1			
12.00 – 13.00	Lunch					B
13.00 – 14.00	Assessment of screen-detected abnormalities					R
14.00 – 15.00	Tomosynthesis	R	14.00 – 15.30	Hands-on training: today's screening		L1
15.00 – 15.15	Coffee break	B				
15.15 – 16.30	Epidemiological aspects of breast cancer screening	R				
			15.30 – 16.30	Discussion today's screening		L1

Wednesday						
Time	Content			Time	Content	
09:00 – 09.30	Reflecting on yesterday's discussions					R
09.30 – 10.30	How to optimize your screening results					R
	Group 1				Group 2	
10.30 – 11.30	What it means to have dense breasts	R		10.30 – 12.00	Hands-on training: today's screening	
11.30 – 11.45	Coffee break	B				
11.45 – 13.00	Contrast Enhanced Spectral Mammography	R				
				12.00 – 13.00	Discussion today's screening	
13.00 – 14.00	Lunch					B
14.00 – 15.30	Hands-on training: today's screening	L1		14.00 – 15.00	What it means to have dense breasts	
				15.00 – 15.15	Coffee break	
				15.15 – 16.30	Contrast Enhanced Spectral Mammography	
15.30 – 16.30	Discussion today's screening	L1				R

Thursday					
Time	Content		Time	Content	
09:00 – 09.30	Reflecting on yesterday's discussions				R
	Group 1			Group 2	
09.30 – 10.45	Hands-on training: today's screening	L1	09.30 – 10.30	Breast Pathology	R
			10.30 – 10.45	Coffee break	B
10.45 – 11.45	Correlation radiology-pathology, part 1				R
11.45 – 12.00	Coffee break				B
12.00 – 13.00	Correlation radiology-pathology, part 2				R
13.00 – 14.00	Lunch				B
14.00 – 15.00	Breast Pathology	R	14.00 – 15.15	Hands-on training: today's screening	L1
15.00 – 15.15	Coffee break	B			
15.15 – 16.15	Discussion today's screening				L1

Friday					
Time	Group 1		Time	Group 2	
09:00 – 09.30	Reflecting on yesterday's discussions				R
09.30 – 10.45	Physics: new developments	R	09.30 – 11.00	Self-test	L1
10.45 – 11.00	Coffee break	B			
11.00 – 12.30	Self-test	L1	11.00 – 11.15	Coffee break	B
			11.15 – 12.30	Physics: new developments	R
12.30 – 13.15	Assignment				R
13.15	Lunch and closing course				B
